February 26, 2010

Dear Valued Customer,

Main Tape has continued to absorb raw material increases since the beginning of 2010. Recently our resin suppliers announced additional double-digit increases, effective March 1st. In spite of our efforts to mitigate these increasing costs to our customers, we're forced to implement a 7% price increase on all orders placed on or after April 1st. We'll continue doing everything possible to minimize price increases. We appreciate your understanding and more importantly your business moving forward this year. Please contact me or your Main Tape sales representative with any questions.

Regards

Mark Matulaitis
